

# DH-PFM915

4P 6P 8P Ethernet Crimper

- Designed to be multi-functional, it can cut, trim and strip wires.
- Engineered with an A3 carbon steel crimper body, it is sturdy, durable and resistant to impacts.
- Built with the SK5 blade, it cuts fast without leaving behind burrs.
- The crimper naturally rebounds with its built-in spring when clamping and does not get stuck when released.
- Supports crimping network cables and RJ-45 connectors.

## Series Overview

The Tool Series contains a wide range of application tools commonly used in the development of security projects. It offers tools that target calibration, layout arrangement, maintenance of security devices, and much more. With its diverse selection, you have the flexibility to choose the tools that best meet your requirements and improve the overall quality and efficiency of your work.

## Technical Specification

### Function

|                   |              |
|-------------------|--------------|
| Application Range | RJ-45, RJ-11 |
| Wire Cutting      | Yes          |
| Wire Trimming     | Yes          |
| Wire Stripping    | Yes          |

### Material

|              |                                                                     |
|--------------|---------------------------------------------------------------------|
| Crimper Body | A3 steel                                                            |
| Crimper Head | PC                                                                  |
| Handle       | PP and TPR                                                          |
| Blade        | SK5                                                                 |
| Hardness     | Gear hardness: HRA40–50 degrees<br>Blade hardness: HRC55–67 degrees |

### Structure

|                      |                                                  |
|----------------------|--------------------------------------------------|
| Appearance Color     | Blue handle and Black pliers body                |
| Product Dimensions   | 195 mm × 118 mm × 18 mm (7.68" × 4.65" × 0.71")  |
| Packaging Dimensions | 270 mm × 120 mm × 20 mm (10.63" × 4.72" × 0.79") |
| Gross Weight         | 0.40 kg (0.87 lb)                                |
| Net Weight           | 0.34 kg (0.76 lb)                                |

## Environment

|                       |                                    |
|-----------------------|------------------------------------|
| Operating Temperature | 0 °C to +50 °C (+32 °F to +122 °F) |
| Operating Humidity    | 20%–70%                            |

## Ordering Information

| Type             | Model     | Description               |
|------------------|-----------|---------------------------|
| Ethernet crimper | DH-PFM915 | 4P 6P 8P Ethernet Crimper |
